

Video Village

Englisch: Video Village/Video Village

PRODUKTION/BEGRIFFE

Der Bereich des Regisseurs auf dem Set mit Monitoren, Aufnahmegegeräten und Kommunikationsgeräten, wo der Regisseur Takes in Echtzeit beobachtet und kreative Entscheidungen über Performance und technische Ausführung trifft.

Definition Video Village ist der technische und kreative Bereich auf dem Set, wo der Regisseur und Produzenten die Live-Videofeeds aller Kameras beobachten. Video Village ermöglicht

Echtzeit-Kontrolle über Performance, Lichter, Kamera-Bewegung und technische Qualität. Video Village Komponenten Monitor-Setup Monitor-Typ Größe Funktion Anzahl Director Monitor 24-28"
